Announcement

About Medicare Participation for Calendar Year 2001

All physicians, practitioners and suppliers must make their calendar year (CY)2001 Medicare participation decision by December 31, 2000.

To sign a participation agreement is to agree to accept assignment for all covered services that you provide to Medicare patients in CY 2001.

WHY PARTICIPATE?

If you bill for physicians' professional services, services and supplies (such as drugs and biologicals) provided incident to physicians' professional services, outpatient physical and occupational therapy services, diagnostic tests, and radiology services, your Medicare fee schedule amounts are 5% higher if you participate.

Also, regardless of the Medicare Part B services for which you are billing, participants have "one stop" billing for beneficiaries who have nonemployment-related Medigap coverage and who assign both their Medicare and Medigap payments to participants. After we have made payment, we automatically send the claim on to the Medigap insurer for payment of all coinsurance and deductible amounts due under the Medigap policy. The Medigap insurer must pay the participant directly.

The numbers choosing to participate continue to grow. During CY 2000, 88.3 percent of all physicians, practitioners and suppliers are billing under Medicare signed participation agreements - this was a 3.7 percent increase over the number of CY 1999 participants.

WHAT TO DO

If you choose to be a participant in CY 2001:

- Do nothing if you are currently participating, or
- If you are not currently a Medicare participant, complete the blank agreement enclosed and mail it (or a copy) to each carrier to which you submit Part B claims. (On the form show the name(s) and identification number(s) under which you bill.)

If you decide not to participate in CY 2001:

- Do nothing if you are currently not participating, or
- If you are currently a participant, write to each carrier to which you submit claims, advising of your termination effective January 1, 2001. This written notice must be postmarked prior to January 1, 2001.

Hold on to this announcement during this enrollment period. You may want to refer to it again before making your decision regarding Medicare participation for CY 2001.

We hope you will decide to be a Medicare participant in CY 2001.

Please call our Provider Customer Service department at (877) 847-4992 if you have any questions or need further information on participation.

FOR PHYSICIANS AND OTHER PROVIDERS: KEY NEWS FROM MEDICARE FOR 2001

Billing and business staff: Please share this with physicians and other providers.

Provider Toll Free Lines

In order to improve our service to providers, the Health Care Financing Administration (HCFA) is converting existing provider customer service telephone lines at Medicare contractors from "toll" to "toll-free." The toll-free telephone service will reduce physicians' and other providers' cost of doing business with Medicare. Once the installation is completed, no Medicare physician, provider, supplier, or agent acting on their behalf will have to pay long-distance charges to talk to Medicare contractors. Your Medicare carrier will announce their toll-free number as soon as this conversion is complete, and if you call the toll line after the conversion, you will be informed of the new toll-free number at that time. Please note that this conversion applies only to lines used for voice inquiries. Lines used by providers to transmit data to Medicare contractors are not being changed.

Participating Physician Directory

As part of the ongoing effort to provide Medicare beneficiaries with information to help them make health care choices, HCFA will be launching an online national participating physician directory at www.medicare.gov, HCA's beneficiary website. The directory will be released November 15, 2000, and will be accessible from the home page under the section titled Participating Physician Directory. Initially, this directory will contain names, addresses, and specialties of Medicare participating physicians who have agreed to accept assignment. It will later be expanded to include supplier information. The information in the database comes from the Unique Physician Identification Number (UPIN) Registry and has been provided by your Medicare Carrier. If your information is incorrect, or has changed, please contact your Medicare Carrier to have it updated. If you are a Medicare Participating Physician but are not listed in the directory, please contact your Medicare Carrier to have it correct your participating physician status in the UPIN Registry. The directory will be updated monthly. Corrections or changes to your information will be reflected on the website the month after the UPIN registry is updated.

New Information in Publications and Websites

This information may help physicians and other providers to have more successful Medicare billing and to better understand Medicare requirements.

- Local medical review policies. This new website, www.lmrp.net, still being enlarged and improved, lists the Local Medical Review Policies for every Medicare contractor.
- Education modules. This HCFA website, www.hcfa.gov/medlearn, contains a growing collection of educational modules and other basic Medicare information.
- Medicare carrier websites. Your Medicare Carrier now has a website at which they, for example, announce education activities and upcoming events and maintain a monthly listing of the most frequently asked questions and areas of concern/confusion.
- Medicare and You 2001. This beneficiary handbook contains information that is also very useful for the offices of physicians and other providers. Call 1-800-MEDICARE to order a free copy.
- Compliance Guidance for Individual Physicians and Small Group Practices. The Compliance Guidance provides a step by step roadmap for physician practices to follow when establishing a voluntary compliance program. However, it is also instructive to all practices, even if they are not implementing a compliance program, as the introduction and appendices to the Compliance Guidance clarify the Office of Inspector General's (OIG) position concerning medical audits and law enforcement priorities regarding physicians. The appendices serve as an educational resource for practices to obtain plain language explanations of Federal fraud and abuse laws and additional information concerning possible risk areas for the practice. The Compliance Guidance is available at www.hhs.gov/oig (go to the Electronic Reading Room and then to Compliance Guidances) or by calling the OIG Public Affairs office at 202/619-1343.
- Medical Review by Medicare Carriers - Progressive Corrective Action. HCFA recently communicated with our contractors about medical review, and we believe that physicians and their staff may also find this information to be helpful. The Program Memorandum puts together in one place the processes contractors are to use in conducting medical review of physicians and other providers. The instructions emphasize that education and feedback are essential to the medical review process, notes that decisions to conduct medical review need to be data driven, and highlights that the amount of review be only that necessary to address an identified problem. See: www.hcfa.gov/pubforms/transmit/memos/comm_date_dsc.htm.

Beneficiary Right to an Itemized Statement

The law now requires that if a Medicare beneficiary submits a written request to you for an itemized statement for any Medicare item or service, you must furnish this statement within 30 days of the request. Failure to fulfill this request may subject the provider to a civil monetary penalty of \$100 for each unfulfilled request. Since most physicians' practices have established an itemized billing system for internal accounting procedures and for billing of other payers, the furnishing of an itemized statement should not pose a significant additional burden. While the law does not specify the contents of an itemized statement, suggestions for the type of information that might be helpful for a beneficiary to receive on any statement include: beneficiary name, date(s) of service, description of items or services furnished, number of units furnished, provider charges, and an internal reference or tracking number. If the claim has been adjudicated by Medicare, additional information that can be included on the itemized statement are: amounts paid by Medicare, beneficiary responsibility for coinsurance, and Medicare claim number. The statement could also include a name and telephone number for the beneficiary to call if there are further questions.

Plan now: Expect Flu Vaccine Supply Delays

The Centers for Disease Control and Prevention report that there will be a substantial delay in the availability of some portion of influenza vaccine for the 2000-01 season. Although full quantities should ultimately be available, much of the vaccine will be distributed later in the season than usual. Therefore, providers are encouraged to continue vaccination efforts for all groups into December and later as long as the vaccine is available. Production of vaccine will continue through December, so providers who administer all of their supply early in the season and still have unvaccinated high-risk patients should plan to order and administer additional vaccine in December.

Physician Fee Schedule Information

Revisions to the 2001 Medicare Physician Fee Schedule affect the amount you will receive when providing services to a Medicare beneficiary. Below is a summary of the major changes effective January 1, 2001, as well as other useful information. Full physician fee schedule information is attached.

Continuation of the Transition to Resource-Based Practice Expense Payments

Section 121 of the Social Security Act of 1994 required a methodology for a resource-based system for determining practice expense RVUs for each physician service. The Balanced Budget Act of 1997 amended section 1848(c) requiring the new payment methodology to be phased in over 4 years, effective for services furnished in 1999, with resource based practice expense RVUs becoming fully effective in 2002. The transition formula for 2001 is 25 percent of the charge-based RVUs and 75 percent of the resource-based RVUs.

Screening Mammography

Screening mammography services are billed using code 76092, and diagnostic mammography services are billed using code 76091. The physician fee schedule contains the maximum allowable amount for 76091. However, the same payment rules do not apply for 76092 as a result of the law's special provisions for screening mammography. The allowable amount for 76092 is the lowest of the actual charge, the statutory cap, or the physician fee schedule amount for 76091. The year 2001 update for the cap is 2.1 percent. Therefore, the payment limit for 2001 is \$69.23 for the global procedure; \$22.15 for the professional component; and \$47.08 for the technical component.

Critical Care Relative Value Units

The definition of critical care codes have been revised for 2001 by the AMA CPT Editorial Panel. Based on these revisions, we are increasing the work RVUs for critical care services and value the physician work at 4.0 RVUs for CPT code 99291 and 2.0 RVUs for CPT code 99292.

Care Plan Oversight in Skilled Nursing Facilities and Hospices

For 2001, the CPT changed the definition of care plan oversight services, CPT codes 99375 and 99378. These new codes are not consistent with Medicare's coverage policy. Therefore, we have established new HCPCS codes G0181 and G0182 (care plan oversight) that are consistent with our coverage criteria and will no longer recognize CPT 99375 and 99378.

Payment and Coding for Physician Certification/Re-certification of Home Health Services

We will now pay separately for the services involved in physician certification/recertification and development of plan of care for Medicare-covered home health services. For this, we have established two additional HCPCS codes G0180 and G0179, for the 2001 physician fee schedule. G0180 is to be used when the patient has not received Medicare covered home health services for at least 60 days. G0179 is to be used for re-certification after a patient has received services for at least 60 days (or one certification period).

Observation Care Codes

We have provided clarifying policy concerning use of observation care codes (99234-99236). To receive payment for these codes, the patient must be in observation status for a minimum of 8 hours; otherwise, only the admission code (99218-99220) should be billed.

Ocular Photodynamic Therapy and Other Ophthalmological Treatments

We are establishing codes and national payment amounts for ocular photodynamic therapy. In addition, we are establishing codes for certain other ophthalmic procedures which will be carrier priced. Coverage for all of these procedures, including ocular photodynamic therapy, is carrier determined. However, we are considering establishment of national coverage policy. Your carrier will inform you when the decision is made.

Electrical Bioimpedance

Relative value units have been assigned to Electrical Bioimpedance (EB) which is a noninvasive method of determining cardiac output. This service is currently carrier priced.

Antigen Immunotherapy

We are revising the definition of a "dose" of allergen immunotherapy (CPT code 95165) to define a dose as a one cc aliquot from a single multidose vial. In addition, the limitation on antigen supply has been changed to reflect industry standards and guidelines. The limitation of duration of potency for allergy extracts is changed from 12 weeks to 12 months.

Physician Encounter Data Requirements

The Balanced Budget Act required HCFA to implement comprehensive risk adjustment for Medicare-Choice Organizations (M+COs) beginning in 2004. Comprehensive risk adjustment captures diagnoses from multiple sites of care including inpatient hospital, hospital outpatient, and physician encounters. Each M+CO is required to begin submitting physician encounter data to HCFA for dates of service beginning on October 1, 2000 through June 30, 2001 is a start-up period. During this period, M+COs and physicians are expected to identify and resolve any difficulties in obtaining and submitting encounter data to HCFA. The M+COs with which you contract may be contacting you soon, if they haven't already, about these encounter data requirements.

**MEDICARE
PARTICIPATING PHYSICIAN OR SUPPLIER AGREEMENT**

Name(s) and Address of Participant*	Physician or Supplier Identification Code(s)*
--	--

The above named person or organization, called “the participant,” hereby enters into an agreement with the Medicare program to accept assignment of the Medicare Part B payment for all services for which the participant is eligible to accept assignment under the Medicare law and regulations and which are furnished while this agreement is in effect.

1. **Meaning of Assignment** - For purposes of this agreement, accepting assignment of the Medicare Part B payment means requesting direct Part B payment from the Medicare program. Under an assignment, the approved charge, determined by the Medicare carrier, shall be the full charge for the service covered under Part B. The participant shall not collect from the beneficiary or other person or organization for covered services more than the applicable deductible and coinsurance.

2. **Effective Date** - If the participant files the agreement with any Medicare carrier during the enrollment period, the agreement becomes effective on the following January 1.

3. **Term and Termination of Agreement** - This agreement shall continue in effect through December 31 following the date the agreement becomes effective and shall be renewed automatically for each 12-month period January 1 through December 31 thereafter unless one of the following occurs:

a. During the enrollment period provided near the end of any calendar year, the participant notifies in writing every Medicare carrier with whom the participant has filed the agreement or a copy of the agreement that the participant wishes to terminate the agreement at the end of the current term. In the event such notification is mailed or delivered during the enrollment period provided near the end of any calendar year, the agreement shall end on December 31 of that year.

*List all names and identification codes under which the participant files claims with the carrier with whom this agreement is being filed.

b. The Health Care Financing Administration may find, after notice to and opportunity for a hearing for the participant, that the participant has substantially failed to comply with the agreement. In the event such a finding is made, the Health Care Financing Administration will notify the participant in writing that the agreement will be terminated at a time designated in the notice. Civil and criminal penalties may also be imposed for violation of the agreement.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-0373. The time required to complete this information collection is estimated to average 15 minutes per response, including the time to review instructions, search existing data resources, gather the data needed and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: HCFA, 7500 Security Boulevard, N2-14-26, Baltimore, Maryland 21244-1850 and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington D.C. 20503.

HOW TO READ THE 2001 LOCALITY FEE SCHEDULE FOR PHYSICIANS AND NONPHYSICIANS

The 2001 locality fee schedule updates the 2000 locality fee schedule. Prevailing fees, carrier priced codes (codes for which the carrier develops pricing), noncovered and bundled procedure codes **are not** included with the locality fee schedule. These procedure codes and fees will be published in a special edition of the *Medicare B Update!* Also enclosed is pertinent information regarding ordering the fee schedule in booklet format, plus: information regarding Florida Medicare's provider website, a list of Current Procedural Terminology (CPT) and Health Care Financing Administration Common Procedure Coding System (HCPCS) codes deleted for 2001, and a list of the counties reflecting each payment locality.

The locality fee schedule is designed to advise physicians, nonphysician practitioners, and suppliers whose payments are linked to the fee schedule of how much Medicare will allow for covered services paid from the physician fee schedule. The locality fee schedule also informs nonparticipants how much they can legally charge when filing an unassigned claim beginning January 1, 2001. Medicare's allowed amount is the lower of the actual charge or the fee schedule amount. The services are listed by CPT and Level II (alpha-numeric) procedure codes and modifiers, where applicable. The 2001 HCPCS coding update was used. A brief explanation of each field on the form follows:

PAR ANESTHESIA	These are the physician anesthesia conversion factors for participating providers for services rendered on or after January 1, 2001.
NONPAR ANESTHESIA	These are the physician anesthesia conversion factors for nonparticipating providers for services rendered on or after January 1, 2001. The conversion factors for nonparticipating providers are 5% less than those for participating providers.
NON-MEDICALLY DIRECTED CRNA	These are the non-medically directed anesthesia conversion factors for CRNAs for services rendered on or after January 1, 2001. For 2001, the conversion factors for non-medically directed CRNAs are identical to the participating physician conversion factors.
CODE/MOD	The procedure code and modifier (if applicable) used to document the service rendered. Procedure codes which can be defined into separate professional, technical or global components will have a 26 modifier denoting the professional component and a TC modifier denoting the technical component. For procedures with no modifier, this indicates one of two things; either the entry with no modifier represents the GLOBAL component for a procedure code which can be defined as global, professional or technical; or that the procedure by descriptor represents either a technical, a professional or a global service which cannot be further defined with separate components.
PAR FEE SCHEDULE	This is the physician fee schedule amount for participating providers for a service rendered on or after January 1, 2001. For 2001, the Medicare Fee Schedule is calculated at the full fee schedule amount.
NONPAR FEE SCHEDULE	This is the physician fee schedule amount for nonparticipating providers for a service rendered on or after January 1, 2001. Fee schedule amounts for nonparticipating providers are 5% less than those for participating providers. The 5% participating versus nonparticipating payment differential, previously applicable to only physician fee schedule services billed by a physician, now applies to all services paid for under the physician fee schedule, regardless of what entity bills for the service.
LIMITING CHARGE	For providers who are nonparticipating effective January 1, 2001 or after, this amount represents the limit that can legally be charged on an unassigned claim to Medicare beneficiaries. Such limits are not applicable to charges made by participating physicians, nor for any services billed on an assigned basis by nonparticipating physicians. Limiting Charges are not used to determine the payment allowance, but are intended to minimize beneficiary liability on unassigned claims. For 2001, limiting charges are calculated at 115% of the nonparticipating fee schedule amount, rounded to the nearest penny. Please note that the 115% amount is a cap. Where special payment reductions are used in calculating the actual allowed amount, the limiting charge is equal to 115% of the calculated allowed amount.
LOCALITY	The geographic area based on the location of your practice. For 2001, Florida maintains three (3) payment localities (01/02, 03, 04). A listing of the counties reflecting each payment locality is included for your information.
* FACILITY FEE SCHEDULE	(Formerly referred to as site of service) Fee schedule and limiting charge amounts shown with the single asterisk (*) indicate the facility fee payment amount. These services are primarily rendered in an inpatient or outpatient hospital setting, emergency room- hospital, ambulatory surgical center, skilled nursing facility, inpatient psychiatric facility, and comprehensive inpatient or outpatient rehabilitation facility.
NON-FACILITY FEE SCHEDULE	Fee schedule and limiting charge amounts shown without an asterisk (*) indicate the non-facility fee payment amount. These services are primarily rendered in the physician's office or laboratory.

MEDICARE PART B SPECIALTY DISCLOSURE

Specialty 05 Anesthesiology Fee Screen Year 2001 Effective January 1, 2001

The conversion factors for use in calculating payment for anesthesia services (procedure codes 00100 through 01999) for calendar year 2001 are as follows:

LOCALITY	PARTICIPATING PHYSICIAN	NONPARTICIPATING PHYSICIAN	NON-MEDICALLY DIRECTED CRNA
1/2	17.05	16.20	17.05
3	18.16	17.25	18.16
4	19.23	18.27	19.23

The conversion factors for 2001 for **non-medically directed** Certified Registered Nurse Anesthetists (CRNAs) are identical to the participating physician anesthesia conversion factors for each payment locality.

The conversion factors for 2001 for **medically directed** CRNAs (for both physician medical direction and medically directed CRNAs) are based on 50 percent of the sum of the anesthesia base units and time units, multiplied by the appropriate participating physician locality conversion factor (i.e., 50% of the sum of (base units + time units) X locality conversion factor = anesthesia allowance). The medical direction 50% payment policy applies if both a CRNA (or anesthesia assistant) and an anesthesiologist are involved with the same case.

The **limiting charge** for **unassigned anesthesia services** is determined as follows:

Step 1 Determine the allowance for the anesthesia service

Use this formula for physician personally performed services -
(base units + time units) X nonparticipating physician locality conversion factor

Use this formula for the physician's claim* for physician medical direction services -
[.5 X (base units + time units)] X nonparticipating physician locality conversion factor

Step 2 Multiply the result of the above calculation by 1.15 to determine limiting charge.

**Note: limiting charge does not apply to CRNA or anesthetist claims; assignment is mandatory on these claims.*
