Extended Repayment Schedule (ERS) Request Form

Part A/B – Not a Sole Proprietor

PTAN:

NPI:

A provider is expected to repay any overpayment promptly. If repaying an overpayment within 30 days would constitute a “hardship” on the provider, a request for an Extended Repayment Schedule (ERS) should be submitted immediately. However, if the overpayment is outstanding and not referred to Treasury, the provider shall request an ERS beyond 30 days. An ERS is not a request to delay an overpayment due date.

- In order to qualify for an ERS, the provider must meet the “hardship” rule. Hardship exists when the total amount of all outstanding overpayments (principal and interest) not included in an approved, existing repayment schedule is 10 percent or greater than the total Medicare payments made for: (1) the cost reporting period covered by the most recently submitted cost report; or (2) the previous calendar year for a non-cost report provider.
- If a complete ERS request with all required documentation and good faith payment are received, recoupment will be ceased, unless payments are currently being suspended or withheld for other reasons.
- Recouped funds that occur while processing an ERS request shall not be refunded.
- Payments must continue to be submitted every 30 days until the provider receives written approval/denial instructing otherwise. Payments should be made payable to **‘Medicare Part -- (A or B)’** and referenced **‘ERS’**.
- Provide a copy of the first installment, per the proposed amortization schedule, as well as tracking information with your emailed request submission. Recoupment will not be ceased until a first payment (good faith payment) is received at the below address.

All ERS requests and documentation should be submitted to the email: FCSO-ERS@FCSO.com

ERS Checklist of Required Documentation

To be considered for an ERS request, the following documentation is required. Required documentation must be submitted to the contractor in order to begin the process of determining financial hardship. **If you are unable to furnish one or more of the required documents, please submit a statement explaining the reason for the delay or inability.**

Items Included? (Yes, No, N/A = Not Applicable (provide explanation))

For all ERS requests (6 – 60 months):

1. **Extended Repayment Schedule (ERS) Request Form** – Page 4.
2. **Overpayment Notification Letter(s)** – Provide a copy of the Overpayment Notification Letter(s) requesting an ERS on.
3. **Signed Proposed Amortization schedule** – The schedule should contain the length of proposed repayment, dates of payment, and payment amounts separated between principal and interest. Applicable interest rate is indicated within the initial overpayment letter.
4. **Good Faith Payments** – Submit a good faith payment, per the proposed amortization schedule, along with future payments while under review (every 30 days). Provide check and tracking copies.

For ERS requests 16 months or greater (16 - 60 months):

5. **Balance Sheets** – The most current balance sheet (within 3 months of the date of the request) and the balance sheet for the most recent full fiscal year (preferably prepared by the provider's accountant).
*Note: If the time period between the two balance sheets is less than 6 months (or the provider cannot submit balance sheets prepared by its accountant including compilation report, or audited including audit packet) financial statements for the **last two fiscal year end reporting periods are required in addition to the current interim financial statements.** This would include Balance Sheets, Income Statements, and Statements of Cash Flow.*
