This **Electronic Billing Newsletter** is published by First Coast Service Options Inc's Electronic Data Interchange (EDI) department for the electronic billing providers, vendors, billing services, and clearinghouses. This bulletin should be shared with all health care practitioners and managerial members of the provider/supplier staff.

CPT codes, descriptors and other data only are copyright 2011 American Medical Association (or such other date of publication of CPT).

All Rights Reserved. Applicable FARS/DFARS apply.

The new Claim Submission/ERA feature is coming to SPOT the evening of February 7. This feature will allow offices who are enrolled to submit electronic claim files (837 transactions) free and retrieve the electronic response reports. The claim file must first be created in a different software program. First Coast provides a free option, [PC-ACE](#), or you may obtain software from any [5010 approved vendor](#). Detailed instructions for using the Claim Submission/ERA feature are in [section 7 of the SPOT User Guide](#).

The [SPOT claim submission agreement form](#) is needed once for organizations enrolled prior to January 2022 that want to gain access to the Claim Submission/ERA feature. Please read the important notes provided on the [SPOT claim submission](#) webpage carefully prior to submitting the agreement form.

If you are not familiar with SPOT, it is our free and secure online portal for providers, billing services, and clearinghouses. Access the [how to register for SPOT](#) webpage today for the link to the enrollment form and complete instructions to obtain access.

**NEW
FEATURE**

A FISS Logon ID Email Requirements

In accordance with the CMS security policy, each person who utilizes the Fiscal Intermediary Shared System (FISS) must enroll for their own unique Logon ID (RACF ID). RACF IDs should never be used by anyone other than the person that the ID has been assigned to and they should never be shared with anyone – including supervisors, managers, or third party billers.

All users enrolling for a RACF ID must meet the following email requirements to ensure the security of the RACF ID:

- ☒ The email address provided on your FISS Enrollment form must be your business email address.
- ☒ The email address must identify your name. (e.g. Jane.Doe@Hospital.org, j.doe@HospitalName.org)
- ☒ The email address must identify your company/organization. (e.g. Jane.Doe@HospitalName.org)
- ☒ The email address CANNOT be a SHARED emailed address. (e.g. BillingOfficeManagers@Hospital.org)
- ☒ The email address CANNOT belong to a supervisor/manager. (e.g., MySupervisorsName@Hospital.org)
- ☒ The email address CANNOT be a private email address. (Gmail, Yahoo, Verizon, AOL etc.)

The email address not meeting these requirement is one of our top return reasons for FISS access requests. If you cannot meet these email requirements, please provide a detailed explanation in the Processing Details block of the FISS enrollment form.

A B PC-ACE Version 6.1 Upgrade

PC-ACE is a free software program that enables electronic billing for both Medicare Part A and Part B claims in a Health Insurance Portability and Accountability Act (HIPAA)-compliant format. To provide the most up-to-date information within PC-ACE, the software program is updated quarterly. The most current upgrade, which is PC-ACE version 6.1, was released **January 2, 2024**.

To streamline the distribution process for software program upgrades, the PC-ACE software program is available via internet download from the [PC-ACE release notes webpage](#). **Please take time to upgrade now.** The Centers for Medicare & Medicaid Services (CMS) requires you to use the most current version of the software program and to eliminate the use of prior versions within 90 days of receipt of this notification. Therefore, please install this software as soon as possible, but **no later than March 1st**, which is the required upgrade compliance date.

IMPORTANT: An installation password is required to install or upgrade the PC-ACE software. This password was provided in your EDI PC-ACE approval letter. If you do not have this letter, please contact the EDI Help Desk. The password is needed for each quarterly upgrade or new installation; therefore, please keep it in a safe place where it is readily available.
