

Announcement

About Medicare Participation for Calendar Year 2000

All physicians, practitioners and suppliers must make their calendar year (CY)2000 Medicare participation decision by December 31, 1999.

To sign a participation agreement is to agree to accept assignment for all covered services that you provide to Medicare patients in CY 2000.

WHY PARTICIPATE?

If you bill for physicians' professional services, services and supplies (such as drugs and biologicals) provided incident to physicians' professional services, outpatient physical and occupational therapy services, diagnostic tests, and radiology services, your Medicare fee schedule amounts are 5% higher if you participate.

Also, regardless of the Medicare Part B services for which you are billing, participants have "one stop" billing for beneficiaries who have nonemployment-related Medigap coverage and who assign both their Medicare and Medigap payments to participants. After we have made payment, we automatically send the claim on to the Medigap insurer for payment of all coinsurance and deductible amounts due under the Medigap policy. The Medigap insurer must pay the participant directly.

The numbers choosing to participate continue to grow. During CY 1999, 84.6 percent of all physicians, practitioners and suppliers are billing under Medicare signed participation agreements - this was a 2.2 percent increase over the number of CY 1998 participants.

WHAT TO DO

If you choose to be a participant in CY 2000:

- Do nothing if you are currently participating, or
- If you are not currently a Medicare participant, complete the blank agreement enclosed and mail it (or a copy) to each carrier to which you submit Part B claims. (On the form show the name(s) and identification number(s) under which you bill.)

If you decide not to participate in CY 2000:

- Do nothing if you are currently not participating, or
- If you are currently a participant, write to each carrier to which you submit claims, advising of your termination effective January 1, 2000. This written notice must be postmarked prior to January 1, 2000.

IMPORTANCE OF Y2K READINESS

HCFA is Y2K ready. All of HCFA's computer systems, and those owned and operated by the carriers and fiscal intermediaries, are ready to process and pay all properly formatted claims into the Year 2000 and beyond. HCFA and the Medicare contractors have contingency plans in place to cover any unexpected failure in our critical systems. But there is no plan to pay Medicare providers who are unable to submit Y2K compliant claims. All providers must make sure they will be able to submit claims to Medicare in the required format to assure that beneficiaries will continue to receive health care services without interruption. It is not too late for providers to prepare for the century rollover. All Medicare providers should back-up their systems and test their claims submission processes with their carriers and intermediaries before year-end. In addition, all providers should plan for contingencies in case something does fail. Please contact your Medicare claims processing contractor, call HCFA at 1-800-958-HCFA (4232) or visit HCFA's Web site www.hcfa.gov/Y2K for assistance with Y2K preparations.

Hold on to this announcement during this enrollment period. You may want to refer to it again before making your decision regarding Medicare participation for CY 2000.

We hope you will decide to be a Medicare participant in CY 2000.

Please call our Provider Customer Service department at (904) 634-4994 if you have any questions or need further information on participation.

YEAR 2000 FACT SHEET

Revisions to the 2000 Medicare Physician Fee Schedule affect the amount you will receive when providing services to a Medicare beneficiary. Below is a summary of the major changes effective January 1, 2000.

Physician Practice Expense Relative Value Units (RVUs)

Practice expense RVUs for Calendar Year (CY) 2000 have been revised to reflect the continuing implementation of new resource based practice expense RVUs required by the Balanced Budget Act of 1997.

Malpractice Expense RVUs

HCFA has established new resource-based malpractice expense RVUs as required by the Balanced Budget Act of 1997. The malpractice payments for the 2000 Medicare Physician Fee Schedule represent about 3.2 percent of the physician payments. This method is based upon specialty level malpractice premium data.

Screening Mammography

Screening mammography services are billed using code 76092 and diagnostic mammography services are billed using 76091. The physician fee schedule contains the maximum allowable amount for 76091. However, the same payment rules do not apply for 76092. The allowable amount for 76092 is the lowest of the actual charge, the statutory cap, or the physician fee schedule amount. The year 2000 update for the cap is 2.4 percent. Therefore, the payment limit for 2000 is: \$67.81 for the global procedure; \$21.69 for the professional component; and \$46.12 for the technical component.

Prostate Cancer Screening

Medicare provides coverage for annual prostate cancer screening tests for men over 50. This screening consists of a digital rectal examination (DRE) and a prostate-specific antigen (PSA) blood test. HCPCS code, G0102, has been established to bill for the screening DRE. G0102 is assigned the same value as 99211, the lowest level evaluation and management (E&M) service. A DRE that is provided on the same day as a covered E&M service is bundled into the payment for the E&M service. If the DRE is the only service provided or is provided as part of an otherwise noncovered service, such as code 99397 for a preventive service visit, then code G0102 could be separately payable. HCPCS code G0103 is used when billing for the screening PSA test. This code is priced at the same payment level as code 84153 and is paid under the clinical diagnostic laboratory fee schedule.

Anesthesia Time

Medicare directs that the allowance for anesthesia services is based on the sum of base units plus time units, multiplied by a locality-specific anesthesia conversion factor. Medicare's payment policy regarding time units requires the continuous actual presence of the physician or of the medically directed anesthetist and starts when the anesthesiologist or certified registered nurse anesthetist (CRNA) begins to prepare the patient for anesthesia care and ends when the anesthesiologist or CRNA is no longer in personal attendance; that is when the patient may be safely placed under post-operative care. However, Medicare recognizes that there may be a break in anesthesia due to technique used, delay of surgeon, etc. Thus, Medicare's payment policy is revised to allow anesthesiologists and CRNAs to sum up blocks of time around a break in continuous anesthesia care.

Payment for Diagnostic Tests (Physician Supervision Requirements)

Medicare will allow Nurse Practitioners (NPs), Clinical Nurse Specialists (CNSs) and Physician Assistants (PAs) to perform diagnostic services as allowed under State law. Medicare will not allow these practitioners to serve as the supervising physician for an independent diagnostic testing facility.

Elimination of X-Ray Requirement for Chiropractic Services

Medicare has revised the coverage policy for chiropractors that are treating subluxation of the spine. Chiropractors are no longer required to demonstrate the subluxation by x-ray.

Nurse Practitioner Qualifications

Qualifications for NPs established in the 1999 Physician Fee Schedule Regulation unintentionally disqualifies many NPs who are providing services to Medicare beneficiaries. HCFA delayed implementation of the qualification requirements. In the 2000 Physician Fee Schedule regulation, HCFA has corrected this unintentional disqualification by establishing a grandfather provision.

Effective January 1, 2001, an NP requesting a Medicare billing number must possess a state license and national certification. Effective January 1, 2003, an NP requesting a Medicare billing number must possess state licensure, national certification, and a master's degree.

Physician Assisted Suicide

The Assisted Suicide Funding Restriction Act of 1997 prohibits the use of appropriated funds to provide or pay for any health care item or service or health benefit coverage for the purpose of causing, or assisting to cause, the death of any individual. The list of programs to whom the prohibition applies includes the Medicare program.

Ventricular Assist Devices

Codes 33975 and 33976 will not have a global period for services paid for CY 2000.

Use of Operating Microscope (Code 69990)

HCFA will pay separately for this procedure only when billed with certain primary procedure codes. The codes are: 61304 through 61711, 62010 through 62100, 63081 through 63308, 63704 through 63710, 64831, 64834 through 64836, 64840 through 64858, 64861 through 64870, 64885 through 64898, and 64905 through 64907.

Percutaneous Thrombectomy of an Arteriovenous Fistula

HCFA has established code G0159 for the use of providers that are providing percutaneous thrombectomy of a dialysis graft or fistula.

Practice Expense for Physician Interpretation of Pap Smears

HCFA has revalued the following codes for billing of a physician interpretation of a pap smear G0124, P3001 and G0141. These codes are now identical in value to code 88141 (also a pap smear procedure that requires interpretation by a physician).

HOW TO READ THE 2000 LOCALITY FEE SCHEDULE FOR PHYSICIANS AND NONPHYSICIANS

The 2000 locality fee schedule updates the 1999 locality fee schedule. Prevailing fees, carrier priced codes (codes for which the carrier develops pricing), noncovered and bundled procedure codes **are not** included with the locality fee schedule. These procedure codes and fees will be published in a future edition of the *Medicare B Update!* Also enclosed is pertinent information regarding ordering the fee schedule in booklet or diskette format, including: information regarding the Medicare Online Bulletin Board System (BBS), a list of Current Procedural Terminology (CPT) and Health Care Financing Administration Common Procedure Coding System (HCPCS) codes deleted for 2000, and a list of the counties reflecting each payment locality.

The locality fee schedule is designed to advise physicians, nonphysician practitioners, and suppliers whose payments are linked to the fee schedule of how much Medicare will allow for covered services paid from the physician fee schedule. The locality fee schedule also informs nonparticipants how much they can legally charge when filing an unassigned claim beginning January 1, 2000. Medicare's allowed amount is the lower of the actual charge or the fee schedule amount. The services are listed by CPT and Level II (alpha-numeric) procedure codes and modifiers, where applicable. The 2000 HCPCS coding update was used. A brief explanation of each field on the form follows:

PAR ANESTHESIA	These are the physician anesthesia conversion factors for participating providers for services rendered on or after January 1, 2000.
NONPAR ANESTHESIA	These are the physician anesthesia conversion factors for nonparticipating providers for services rendered on or after January 1, 2000. The conversion factors for nonparticipating providers are 5% less than those for participating providers.
NON-MEDICALLY DIRECTED CRNA	These are the non-medically directed anesthesia conversion factors for CRNAs for services rendered on or after January 1, 2000. For 2000, the conversion factors for non-medically directed CRNAs are identical to the participating physician conversion factors.
CODE/MOD	The procedure code and modifier (if applicable) used to document the service rendered. Procedure codes which can be defined into separate professional, technical or global components will have a 26 modifier denoting the professional component and a TC modifier denoting the technical component. For procedures with no modifier, this indicates one of two things; either the entry with no modifier represents the GLOBAL component for a procedure code which can be defined as global, professional or technical; or that the procedure by descriptor represents either a technical, a professional or a global service which cannot be further defined with separate components.
PAR FEE SCHEDULE	This is the physician fee schedule amount for participating providers for a service rendered on or after January 1, 2000. For 2000, the Medicare Fee Schedule is calculated at the full fee schedule amount.
NONPAR FEE SCHEDULE	This is the physician fee schedule amount for nonparticipating providers for a service rendered on or after January 1, 2000. Fee schedule amounts for nonparticipating providers are 5% less than those for participating providers. The 5% participating versus nonparticipating payment differential, previously applicable to only physician fee schedule services billed by a physician, now applies to all services paid for under the physician fee schedule, regardless of what entity bills for the service.
LIMITING CHARGE	For providers who are nonparticipating effective January 1, 2000 or after, this amount represents the limit that can legally be charged on an unassigned claim to Medicare beneficiaries. Such limits are not applicable to charges made by participating physicians, nor for any services billed on an assigned basis by nonparticipating physicians. Limiting Charges are not used to determine the payment allowance, but are intended to minimize beneficiary liability on unassigned claims. For 2000, limiting charges are calculated at 115% of the nonparticipating fee schedule amount, rounded to the nearest penny. Please note that the 115% amount is a cap. Where special payment reductions are used in calculating the actual allowed amount, the limiting charge is equal to 115% of the calculated allowed amount.
LOCALITY	The geographic area based on the location of your practice. For 2000, Florida maintains three (3) payment localities (01/02, 03, 04). A listing of the counties reflecting each payment locality is included for your information.
* FACILITY FEE SCHEDULE	(Formerly referred to as site of service) Fee schedule and limiting charge amounts shown with the single asterisk (*) indicate the facility fee payment amount. These services are primarily rendered in an inpatient or outpatient hospital setting, emergency room- hospital, ambulatory surgical center, skilled nursing facility, inpatient psychiatric facility, and comprehensive inpatient or outpatient rehabilitation facility.
NON-FACILITY FEE SCHEDULE	Fee schedule and limiting charge amounts shown without an asterisk (*) indicate the non-facility fee payment amount. These services are primarily rendered in the physician's office or laboratory.

MEDICARE PART B SPECIALTY DISCLOSURE

Specialty 05 Anesthesiology Fee Screen Year 2000 Effective January 1, 2000

The conversion factors for use in calculating payment for anesthesia services (procedure codes 00100 through 01999) for calendar year 2000 are as follows:

LOCALITY	PARTICIPATING PHYSICIAN	NONPARTICIPATING PHYSICIAN	NON-MEDICALLY DIRECTED CRNA
1/2	17.66	16.78	17.66
3	18.76	17.82	18.76
4	19.88	18.89	19.88

The conversion factors for 2000 for **non-medically directed** Certified Registered Nurse Anesthetists (CRNAs) are identical to the participating physician anesthesia conversion factors for each payment locality.

The conversion factors for 2000 for **medically directed** CRNAs (for both physician medical direction and medically directed CRNAs) are based on 50 percent of the sum of the anesthesia base units and time units, multiplied by the appropriate participating physician locality conversion factor (i.e., 50% of the sum of (base units + time units) X locality conversion factor = anesthesia allowance). The medical direction 50% payment policy applies if both a CRNA (or anesthesia assistant) and an anesthesiologist are involved with the same case.

The **limiting charge** for **unassigned anesthesia services** is determined as follows:

Step 1 Determine the allowance for the anesthesia service

Use this formula for physician personally performed services -
(base units + time units) X nonparticipating physician locality conversion factor

Use this formula for the physician's claim* for physician medical direction services -
[.5 X (base units + time units)] X nonparticipating physician locality conversion factor

Step 2 Multiply the result of the above calculation by 1.15 to determine limiting charge.

**Note: limiting charge does not apply to CRNA or anesthetist claims; assignment is mandatory on these claims.*

Windows 95/NT/98 To Access “Medicare Online BBS”

What is Medicare Online BBS?

Medicare Online BBS is an electronic Bulletin Board System (BBS) maintained at Medicare of Florida. It enables you to access vast amounts of important Medicare A and B claims processing information. This BBS is available to anyone (with no restrictions), from anywhere even outside Florida, and is available 24 hours a day, 7 days a week. Access can be obtained by using your office and/or home computer, via a TOLL FREE telephone number. All you need is a computer, telephone line, modem and communications software. The following are instructions for using a communications program included within Windows 95/NT/98 operating systems.

Using HyperTerminal

Windows 95/NT/98 includes a communications program called HyperTerminal that will allow you to connect to the Medicare Online BBS. The program includes a simple setup “wizard” used to establish your connection.

Step 1: Accessing HyperTerminal

To access the HyperTerminal program: from the Start menu, click Programs, then Accessories, then HyperTerminal.

Step 2: Setup Wizard

Look for the icon labeled “HyperTerminal”, “Hypertrm”, “HyperTrm.exe” or “HYPER.TRM”. Double-click this icon to start the setup wizard.

Step 3: Connection Description

The setup wizard will ask you to name the connection and select an icon. Name the connection Medicare Online BBS (or any name you like), select the icon you want to use by clicking on it, and click OK. It doesn’t matter which icon you use; you can change it later if you like.

Step 4: Phone Number

The setup wizard will ask you for the phone number to dial. Enter the appropriate phone number and then click OK.

All users outside Jacksonville, FL
(800) 838-8859

Users within Jacksonville, FL area
791-6991

Step 5: Dialing Properties

The setup wizard allows you to revise dialing properties to make your connection. Click on Dialing Properties. Revise settings appropriately under “How I dial from this location”: how your location accesses an outside line (e.g., “9” for an outside line), long distance access (e.g., “1” for long distance), and disabling call waiting (click on selections available and choose appropriately: e.g., “*70”). When complete, click OK.

Step 6: Connect

The setup wizard will ask you to make the connection (call). At this time choose Dial to call the Medicare Online BBS.

Step 7: Signing On To Medicare Online BBS

If you are a new user to the Medicare Online BBS, type *NEW* when the system asks for your User ID. You will then complete a brief questionnaire (registration) about your practice/office, along with allowing you to assign your own User ID and password. It’s very important that you write your User ID and password down exactly as you entered it (including any special characters), as you will need it for future access to the BBS.

That’s it! - When you sign off the Medicare Online BBS and then exit HyperTerminal, be sure to save this new connection when prompted. The next time you open HyperTerminal, you will have an icon in this group titled “Medicare Online BBS.” Simply double-click on this icon to connect in the future.

Need Help? - If you have any questions or need assistance with the Medicare Online BBS, contact our BBS Help Line at (904)791-8384. When leaving your message, please speak slowly and clearly when leaving your company name, contact name, telephone number and detailed description of your inquiry. Existing users should also leave their User ID. Please do not leave your password.

FREE Windows-Based Communications Software

We suggest you try this program; it’s much more user friendly than the terminal access (which HyperTerminal uses) and makes downloading a lot easier. Once you access the BBS, you can download this program by selecting (M) at the Main Menu. If you are unable to use your existing communication software to access the BBS to download this program, it can be mailed to you. Fax your request to (904)791-6035, or contact the BBS Help Line at (904)791-8384. ❖
