Sobre la Participación en Medicare durante el Año Calendario 2008

Medicare continúa asegurándose de que las políticas de pago proveen incentivos para mejorar la calidad del cuidado de la salud. Los Centros de Servicio para Medicare y Medicaid (CMS, por sus siglas en inglés) está edificando sobre los cambios establecidos el año pasado para pagar más apropiadamente por los costos de práctica y para transformar a Medicare en un comprador activo de servicios de alta calidad.

En el 2008 llevaremos a cabo unos cambios a los pagos de servicios específicos que se pagan bajo las tarifas fijas de Medicare para médicos, incluyendo aumentar 32 por ciento el componente de trabajo de los servicios de anestesia. También incluiremos nuevas medidas de calidad que se desarrollaron con información del **American Medical Association (AMA) Physician Consortium for Performance Improvement** (medidas para médicos), del **Pennsylvania Quality Improvement Organization (QIO)** (medidas estructurales y no médicas), y del **American Podiatric Medical Association**. La actualización estimada a las tarifas fijas de los médicos para el 2008 es negativo 9.9 por ciento, como lo requiere la razón de crecimiento sostenible (**sustainable growth rate [SGR]**). Esa actualización se requiere por ley para el 2008 porque los gastos en servicios médicos y otros servicios de la Parte B han crecido a una razón más alta de lo apuntado en gastos.

Existen grupos de médicos que han estado trabajando arduamente para identificar mejores formas para pagar; formas que apoyan mejor los esfuerzos de los médicos para proveer un cuidado de la más alta calidad sin incrementar los costos totales del cuidado de la salud. CMS continuará trabajando con el Congreso y con los grupos de médicos en un sistema que proveerá pagos predecibles y estables que asegurarán un cuidado de una calidad más alta para los beneficiarios, sin aumentar los expendios de Medicare.

Todos los médicos, profesionales de la salud y suplidores deberán tomar su decisión de participación en Medicare correspondiente al año calendario 2008, para el 31 de diciembre de 2007. Firmar un acuerdo de participación significa convenir aceptar la asignación para todos los servicios cubiertos que usted le provee a pacientes de Medicare durante el año calendario 2008. La mayoría de los médicos, profesionales de la salud y suplidores han elegido participar en Medicare. Durante el año calendario 2007, el 93.3 por ciento de todos los médicos, profesionales de la salud y suplidores están facturando bajo acuerdos de participación con Medicare.

¿POR QUÉ PARTICIPAR?

Si usted factura por servicios profesionales médicos, servicios y suministros provistos incidentales a servicios profesionales médicos, servicios ambulatorios de terapia ocupacional y física, pruebas diagnósticas o servicios radiológicos, las cantidades de las tarifas fijas de Medicare para médicos serán 5% más altas si usted participa. Además, los proveedores reciben sus reembolsos directamente y en un tiempo apropiado de parte de Medicare.

Independientemente de los servicios de la Parte B de Medicare que usted factura, los proveedores participantes de Medicare pueden disfrutar del privilegio de hacer una sola facturación para los beneficiarios que asignan tanto sus pagos de Medicare como los de Medigap a los participantes. Los beneficiarios con cobertura Medigap (seguro complementario privado) pueden asignar el pago de la reclamación complementaria al proveedor o al suplidor. Bajo el proceso mandatorio actual de transferencia de reclamaciones Medigap (***claim-based crossover process***) los beneficiarios tienen el deber de asignar el pago de sus reclamaciones a un proveedor o suplidor participante como condición para que sus reclamaciones se les trasfieran a su asegurador Medigap para el pago de todas las cantidades de coaseguros y deducibles pagaderos bajo la póliza de Medigap. A su vez, la aseguradora Medigap debe pagarle al proveedor o suplidor participante directamente, de esa manera se evita la necesidad de tener que someter una segunda reclamación.

¿QUÉ HACER?

Si usted opta por ser participante durante el año calendario 2008:

- No haga nada si actualmente es participante, o
- Si actualmente no es participante de Medicare, complete el acuerdo en blanco incluido y envíelo por correo (o una copia de este) a cada contratista a quien usted le somete reclamaciones de la Parte B. (En el formulario indique los nombres y los números de identificación bajo los cuales usted factura.)

Si usted decide no participar durante el año calendario 2008:

- No haga nada si actualmente no es participante, o
- Si actualmente es participante, escríbale a cada contratista de la Parte B a quien le somete reclamaciones indicándole su decisión de terminar el acuerdo de asignación vigente el 1 de enero de 2008. Esta notificación por escrito debe tener matasellos del correo con fecha previa al 1 de enero de 2008.

Guarde este anuncio durante este periodo de suscripción. Tal vez querrá referirse a él nuevamente antes de tomar su decisión sobre la participación en el Programa de Medicare para el año calendario 2008.

Esperamos que decida ser participante en Medicare durante el año calendario 2008.

Por favor llámenos si tiene cualquier pregunta o necesita más información sobre la participación.

Announcement

About Medicare Participation for Calendar Year 2008

Medicare continues to ensure that payment policies provide incentives to improve the quality of care. The Centers for Medicare & Medicaid Services (CMS) is building on changes established last year to pay more appropriately for practice expenses and to transform Medicare into an active purchaser of high quality services.

In 2008, we will make a number of changes to payments for specific services paid under the physician fee schedule, including increasing the work component of anesthesia services by 32 percent. We will also include new quality measures that were developed with input from the American Medical Association (AMA) Physician Consortium for Performance Improvement (physician measures), the Pennsylvania Quality Improvement Organization (QIO) (non-physician and structural measures), and the American Podiatric Medical Association. As required by the sustainable growth rate (SGR) formula specified in the Medicare statute, the estimated update to the physician fee schedule for 2008 is negative 9.9 percent. The negative update is required by law for 2008 because spending on physicians' services and other Part B services has been growing at a much faster rate than target spending.

Physician groups have been working hard to identify better ways for Medicare to pay – ways that better support physician efforts to provide higher-quality care without increasing overall health care costs. CMS will continue to work with Congress and with physician groups on a system that will provide predictable and stable payments that will ensure higher quality care for beneficiaries without increasing Medicare spending.

All physicians, practitioners and suppliers must make their calendar year (CY) 2008 Medicare participation decision by December 31, 2007. To sign a participation agreement is to agree to accept assignment for all covered services that you provide to Medicare patients in CY 2008. The majority of physicians, practitioners and suppliers have chosen to participate in Medicare. During CY 2007, 93.3 percent of all physicians, practitioners and suppliers are billing under Medicare participation agreements.

WHY PARTICIPATE?

If you bill for physicians' professional services, services and supplies provided incident to physicians' professional services, outpatient physical and occupational therapy services, diagnostic tests, or radiology services, your Medicare fee schedule amounts are 5 percent higher if you participate. Also, providers receive direct and timely reimbursement from Medicare.

Regardless of the Medicare Part B services for which you are billing, participants have "one stop" billing for beneficiaries who assign both their Medicare and Medigap payments to participants. Beneficiaries with Medigap coverage (private supplemental insurance) may assign the payment on the supplemental claim to the provider or supplier. Under the current mandatory Medigap (claim-based) crossover process, beneficiaries must assign payment on their claims to a participating provider or supplier as a condition for their claims to be forwarded to their Medigap insurer for payment of all coinsurance and deductible amounts due under the Medigap policy. The Medigap insurer, in turn, must pay the participating provider or supplier directly, thereby relieving the need of having to file a second claim.

WHAT TO DO

If you choose to be a participant in CY 2008:

- Do nothing if you are currently participating, or
- If you are not currently a Medicare participant, complete the blank agreement enclosed and mail it (or a copy) to each carrier to which you submit Part B claims. (On the form show the name(s) and identification number(s) under which you bill.)

If you decide not to participate in CY 2008:

- Do nothing if you are currently not participating, or
- If you are currently a participant, write to each carrier to which you submit claims, advising of your termination effective January 1, 2008. This written notice must be postmarked prior to January 1, 2008.

Hold onto this announcement during this enrollment period. You may want to refer to it again before making your decision regarding Medicare participation for CY 2008.

We hope you will decide to be a Medicare participant in CY 2008.

Please call if you have any questions or need further information on participation.

Key Medicare News for 2008 for Physicians and Other Health Care Professionals

Provider Types Affected

Physicians and health care professionals and their staff who bill Medicare carriers and/or Medicare Administrative Contractors (MACs)

Introduction

This Special Edition article is being provided to keep you, the Medicare physician and health care professional, informed about important Medicare initiatives and new Medicare benefits available in Calendar Year (CY) 2008.

As you once again make your decision to enroll in or terminate enrollment in the Medicare participation program, the Centers for Medicare & Medicaid Services (CMS) would like to take this opportunity to review some important news for 2008. CMS believes this information provides significant benefits to providers and their Medicare patients. It encourages providers to enroll or stay in the Medicare participation program in order to take full advantage of the upcoming changes.

Information You Need to Know

National Provider Identifier (NPI) - Get it! Share it! Use it!

Medicare carriers and A/B MACs began transitioning their systems to start rejecting claims when the NPI and legacy provider identifier pair that are reported on the claim cannot be found on the Medicare crosswalk. We urge you to pay attention to the reject reports you receive. The reject reports will help you and your staff identify problems that cause claims to reject.

You should also ensure that your Medicare enrollment information is up to date. If you need to submit a completed CMS-855 (Medicare provider enrollment form), remember to list all of the NPIs that will be used in place of legacy identifiers. If you need to apply for an NPI or update your information in the National Plan and

Provider Enumeration System (NPES), please include ALL of your Medicare legacy numbers. (NPES can accept only 20 Other Provider Identifiers, but is being expanded to accept more in the future.) If the information is different between your Medicare enrollment information and your NPES record, there is a very good chance your claims will reject. NPES data may be verified at <https://npes.cms.hhs.gov> on the CMS website. Contact the NPI Enumerator at 1-800-465-3203 if you need assistance in viewing your NPES record.

A recent MLN Matters article lists the informational edits that preceded the reject report messages and their meanings. Visit <http://www.cms.hhs.gov/MLNMattersArticles/downloads/SE0725.pdf> on the CMS website to view the article.

Some incorporated physicians and non-physician practitioners have obtained NPIs as follows: an individual (Entity Type 1) NPI for the physician or non-physician practitioner and an organization (Entity Type 2) NPI for the corporation. If you enrolled in Medicare as an individual and obtained a Medicare Provider Identification Number (PIN) as an individual, and you want to use your NPI and your PIN pair in your Medicare claims, be sure you use your individual NPI with your individual PIN. Pairing your corporation's NPI with your individual PIN will result in your claims being rejected. If you wish to bill Medicare with your corporation's NPI, then you must be sure your corporation is enrolled in Medicare so that it can be assigned a PIN. Please contact your servicing Medicare carrier for more information about this enrollment. Until your corporation has been enrolled in Medicare, you may continue to bill by using your individual NPI with your individual PIN to ensure no disruption in your claims being processed and paid. Please note that similar problems may result if you bill Medicare by using your individual NPI with your corporation's PIN (if the corporation is enrolled and has been assigned a PIN). In other words, when billing with the NPI/PIN pair, you must use compatible NPIs and PINs.

Note that after May 23, 2008, legacy identifiers will not be permitted on any inbound or outbound transactions. This includes inbound claims, crossover claims, both paper and electronic remittance advices, the 276/277 claims status inquiries/replies, NCPDP claims, and the 270/271 eligibility inquiries/replies. Also, for up-to-date information on the NPI, CMS recommends periodic visits to <http://www.cms.hhs.gov/NationalProviderStand/> on the CMS website.

Unique Physician Identification Numbers (UPINs)

CMS discontinued assigning unique physician identification numbers (UPINs) on June 29, 2007, but will maintain its UPIN public "look-up" functionality and Registry website (<http://www.upinregistry.com>) through May 23, 2008.

Competitive Acquisition Program (CAP) for Part B Drugs

The Medicare Modernization Act requires CMS to implement a competitive acquisition program (CAP) for Medicare Part B drugs and biologicals that are not paid on a cost or prospective payment system (PPS) basis. This program is an alternative to the average sales price (ASP) methodology for acquiring certain Part B drugs which are administered incident to a physician's services. In it, physicians are given a choice between buying and billing these drugs under the ASP system, or selecting a Medicare-approved CAP vendor that will supply these drugs.

Participation in the CAP is voluntary, and each year Medicare physicians can elect to participate. Those who do participate will obtain drugs through CAP vendors; the vendors will bill Medicare for the administered drug and will bill the beneficiary for any applicable co-insurance or deductible.

All physicians who participated in the CAP in 2007, and wish to participate in 2008, will need to make the 2008 CAP election during the regular fall election period which will run from October 1, 2007, to November 15, 2007.

Participating physicians can sign up to receive CAP updates from the **CMS-CAP-Physicians-L** electronic mailing list at

<http://www.cms.hhs.gov/apps/maillinglists/default.asp?audience=3> on the CMS CAP Information for Physicians webpage (http://www.cms.hhs.gov/CompetitiveAcquisforBios/02_infophys.asp#TopOfPage).

Physician Quality Reporting Initiative (PQRI)

The Tax Relief and Health Care Act of 2006 (TRHCA) authorizes a physician quality reporting system. This program, which CMS has named the "Physician Quality Reporting Initiative" (PQRI), was implemented on July 1, 2007, and establishes a financial incentive for eligible professionals who participate in a voluntary quality-reporting program.

These eligible professionals, who successfully report a designated set of quality measures on claims for dates of service from July 1 to December 31, 2007, may earn a bonus payment (subject to a cap) of 1.5% of total allowed charges for covered Medicare physician fee schedule services during that same period.

The proposed 2008 PQRI quality measures were published in the Federal Register as a part of the 2008 Medicare Physician Fee Schedule (MPFS) Proposed Rule. The final 2008 PQRI measures will be published in the 2008 MPFS Final Rule and posted at <http://www.cms.hhs.gov/PQRI> on the CMS PQRI website.

For more information about the PQRI and to access important educational tools, go to <http://www.cms.hhs.gov/PQRI> on the CMS website.

New Durable Medical Equipment, Prosthetics, Orthotics & Supplies (DMEPOS) Certificates of Medical Necessity (CMNs) and DME Information Forms (DIFs) for Claims Processing

Certificates of medical necessity (CMN) provide a mechanism for suppliers of durable medical equipment and medical equipment and supplies to demonstrate that the item they provide meets the minimal criteria for Medicare coverage. Durable Medical Equipment Medicare Administrative Contractors (DME MAC) review the documentation that physicians, suppliers, and providers supply on the CMNs and DME Information Forms (DIFs), and determine if the medical necessity and applicable coverage criteria for selected DMEPOS were met.

On April 13, 2007, CMS announced the development of improved CMNs and DIFs that are consistent with current medical practices and that conform to Medicare guidelines. In this improvement process, CMS revised several CMNs, replaced three CMNs with two DIFs, and revised *Medicare Program Integrity Manual*, Chapter 5, Items and Services Having Special DME Review Considerations. Additionally, these new Office of Management and Budget (OMB) approved forms permit the use of a signature and date stamp that resulted in revision of the *Medicare Program Integrity Manual*, Chapter 3, Section 3.4.1.1, Documentation Specifications for Areas Selected for Prepayment or Post Payment Medical Review.

You can learn more about these revised forms by reading MLN Matters article MM5571 (based on CR 5571, the official instruction issued to the DME MAC); available at

<http://www.cms.hhs.gov/MLNMattersArticles/downloads/MM5571.pdf>. The new forms are available at <http://www.cms.hhs.gov/CMSForms/CMSforms/list.asp#TopOfPage> on the CMS website.

Preventive Services

Medicare, which began covering preventive services in 1981 with the pneumococcal vaccination, now covers a broad range of services to prevent disease, detect disease early when it is most treatable and curable, and manage disease so that complications can be avoided.

These services include:

- The Initial Preventive Physical Examination (IPPE), also known as the "Welcome to Medicare" visit, which now includes coverage of a one-time preventive ultrasound screening for the early detection of abdominal aortic aneurysms (AAA) for at-risk beneficiaries (those with a family history of AAA or males age 65 to 75 who have smoked at least 100 cigarettes in their lifetime). It is important to note that in order to receive this AAA ultrasound screening benefit, beneficiaries must be referred by their physician or other

The chart is currently available at http://www.cms.hhs.gov/MLNProducts/downloads/MPS_QRI_IPPE001a.pdf on the CMS website.

Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS) Competitive Bidding

Section 302(b) of the Medicare Modernization Act, requires Medicare to replace the current durable medical equipment, prosthetics, orthotics, and supplies (DMEPOS) payment methodology, for select items in select areas, with a competitive acquisition process to improve the effectiveness of its payment-setting methodology. This new program will establish payment amounts for certain durable medical equipment, enteral nutrition, and off-the-shelf orthotics by replacing the current payment amounts (under Medicare's DMEPOS fee schedule) with payment rates derived from a bidding process.

Suppliers that want to furnish competitively bid items in a competitive bidding area (CBA) will be required to submit bids to furnish those items, and the winning bids will be used to establish a single Medicare payment amount for each item. Contracts will be awarded to a sufficient number of winning bidders in each CBA to ensure access and service to high quality DMEPOS items.

CMS is phasing in this new program. Bidding for the first phase began in 2007 in CBAs within 10 of the largest Metropolitan Statistical Areas (MSAs), excluding New York, Los Angeles, and Chicago. Prices from the first phase of bidding are scheduled to go into effect in 2008. The program will be expanded into 70 additional MSAs in 2009. After 2009, CMS will expand the program to additional areas.

While this program may have no direct impact on most physicians, it might have impact on where your patients receive their DMEPOS. Some suppliers currently serving your patients may not be selected to continue Medicare participation under the new program and your patients may have to go to new suppliers. While this may happen, please be assured that Medicare will continue to meet the same patient needs for DMEPOS as it has prior to the new program. Medicare is just attempting to meet those concerns in a more cost effective manner in order to protect Medicare funding.

You can find more information about the Medicare DMEPOS competitive bidding program at <http://www.cms.hhs.gov/CompetitiveAcqforDMEPOS/> on the CMS website.

IMPORTANT NPI AND ENROLLMENT INFORMATION FOR PHYSICIANS AND NON-PHYSICIAN PRACTITIONERS

Provider Types Affected

Physicians and other practitioners who submit Medicare fee-for-service (FFS) claims to Medicare Carriers or Part A/B Medicare Administrative Contractors (A/B MACs).

Provider Action Needed

STOP – Impact to You

By October 31, 2007, a Medicare system, known as the National Provider Identifier (NPI) Crosswalk, will validate your claims if they contain a legacy number, such as a Medicare Provider Identification Number (PIN), and a NPI. If the NPI/PIN combination in your claim does not match an NPI/PIN combination in the NPI crosswalk, your claim will reject.

CAUTION – What You Need to Know

The Medicare NPI crosswalk contains legacy numbers, which you identified to the National Plan and Provider Enumeration System (NPPES) as part of the process in obtaining your NPI.

GO – What You Need to Do

Be sure you supplied the correct information to the NPPES and be sure your billing staff submit the correct NPI/PIN number combination when

both a legacy number and NPI are submitted on a claim. Your NPI must be compatible with the PIN you received upon Medicare enrollment.

Background

By October 31, 2007, all Medicare carriers (and A/B MACs that service providers who formerly billed carriers) will be rejecting Part B claims if they are unable to “match” a NPI and a PIN combination submitted on a claim to an NPI/PIN combination in the Medicare NPI crosswalk. The NPI/PIN combination may be used to identify the Billing, Pay-to, or Rendering Provider (the Pay-to Provider is identified only if it is different from the Billing Provider). This applies to claims that are submitted by corporations that physicians and non-physician practitioners have formed, or by physicians and non-physician practitioners who bill Medicare directly. In this article, we refer to these physicians and non-physician practitioners as “physicians/practitioners.”

Past Medicare Enrollment Practices May Have Contributed to the Use of Incompatible NPI/PIN Combinations

One reason a claim will reject is if the NPI and PIN used in combination on the claim does not identify the same entity. For example, the NPI in the “Billing Provider” field might be the *corporation’s* NPI, but the PIN used in combination with it might be the *physician/practitioner’s* PIN. This pairing may be the result of variations in past Medicare enrollment and PIN assignment procedures. For example, Medicare carriers may have combined the enrollment of a physician/practitioner and his/her corporation into a single enrollment; or, a sole proprietorship may have been enrolled as a corporation because the sole proprietorship was issued an Employer Identification Number (EIN) by the IRS.

These and similar situations may require physician/practitioners who are experiencing claims rejections to ensure their Medicare enrollment information, and that of their corporations (if they are incorporated), is correct. This may require the completion of the appropriate CMS-855 Medicare Provider Enrollment Application.

Physicians/Practitioners Who Are Incorporated.

Corporations include professional corporations, most limited liability companies, professional associations, and partnerships. Generally, the corporations that physicians/practitioners form are referred to as groups or group practices. Corporations are not sole proprietorships. When you are billing Medicare through your corporation, both you and your corporation must enroll in Medicare.

If you are a physician/practitioner who has established a corporation, you must obtain an NPI for yourself and an NPI for your corporation. A corporation applies for an NPI as an Entity type 2 (Organization) and you apply for an NPI as an Entity

type 1 (Individual). If you, or your corporation, is not enrolled in Medicare, and you use the NPI of the non-enrolled entity in combination with the PIN of the enrolled entity (or vice versa), you will encounter claims problems because the combination is incompatible and will not be found in the Medicare NPI crosswalk. If the corporation will be billing Medicare, it may use only its NPI (once it has one), only its PIN (once it has one), or its NPI/PIN in combination (once it has both) to identify itself as the Billing/Pay-to Provider. Your NPI (once you have one), your PIN (once you have one), or your NPI/PIN combination (once you have both) would be used to identify you – the physician/practitioner – as the Rendering Provider. Until the enrollment application of the non-enrolled entity can be processed, you may want to use only the PIN or only the NPI of the enrolled entity to avoid claims processing problems.

Physicians/Practitioners Who Have Sole Proprietorships.

A sole proprietorship is a business whereby all of the business's assets and liabilities are tied directly to the physician/practitioner's (the sole proprietor's) Social Security account. The sole proprietor and the sole proprietorship are considered a single legal entity: an individual. The sole proprietor's Social Security Number (SSN) serves as the Taxpayer Identification Number (TIN) of the sole proprietorship. Often, the Internal Revenue Service (IRS) issues an Employer Identification Number (EIN) to a sole proprietorship to protect the sole proprietor's SSN from being disclosed on W-2s and in transactions, such as claims sent to health plans. Therefore, at the option of the sole proprietor, the EIN (if issued) instead of the SSN could be used as the TIN in submitting a sole proprietorship's Medicare claims. The IRS links that EIN to the sole proprietor's SSN for tax reporting purposes. You/your sole proprietorship must be enrolled in Medicare

If you are a physician/practitioner who has a sole proprietorship, you must obtain an NPI for yourself as an Entity type 1 (Individual). There is no separate NPI for the sole proprietorship. When you/your sole proprietorship are billing Medicare, you may use only your NPI (once you have one), only your PIN (once you have one), or your NPI and PIN in combination (once you have both) to identify yourself as the Billing/Pay-to Provider and as the Rendering Provider.

Physicians/Practitioners Who Have No Private Practice.

You must be enrolled in Medicare in order for the services you render to Medicare beneficiaries to be reimbursed by the Medicare program. If you do not have a sole proprietorship and have not formed a corporation, you do not bill Medicare directly; instead, you reassign your benefits to another entity, usually a group or group practice, and the group or group practice bills Medicare for the services that you perform. That group or group practice must also be enrolled in Medicare, but you are not responsible for the enrollment of the group or group practice. The group or

group practice would submit claims in which you would be identified as a Rendering Provider.

You must obtain an NPI for yourself as an Entity type 1 (Individual). The group would be responsible for ensuring that you are appropriately identified in the group's claims; that is, the group would ensure that your NPI (once you have one) is used with the compatible PIN (your PIN, once you have one) if using the NPI/PIN combination; or, the group may use only your NPI (once you have one) or only your PIN (once you have one) to identify you as the Rendering Provider. The group must have its own NPI and would use only the NPI (the group's NPI, once it has one), only the PIN (the group's PIN, once it has one), or the NPI (the group's NPI, once it has one) with the compatible PIN (the group's PIN, once it has one) in combination to identify itself as the Billing Pay-to Provider.

New Product to Assist Physicians/Practitioners in Understanding Medicare Enrollment

All physician/practitioners, including sole proprietors and incorporated physician/practitioners, applying for enrollment in Medicare must have the appropriate NPI(s) and must report those NPIs on the CMS-855 Medicare Provider Enrollment Application. Physician/practitioners must also report the NPI(s) of the corporations, sole proprietorships, groups, or group practices to which they will be reassigning their benefits. Further information on enrollment scenarios is now available at

<http://www.cms.hhs.gov/Medicareprovidersupenroll/Downloads/EnrollmentNPI.pdf> on the CMS website. General Medicare enrollment information can be found at <http://www.cms.hhs.gov/MedicareProviderSupEnroll> on the CMS website.

If Your Claims Are Rejected

- Check Medicare Reject Report messages.
- If you use billing companies, clearinghouses, and administrative staff, check to find out if they have been contacted by Medicare carriers or A/B MACs concerning problems in matching NPI/PIN combinations to the Medicare NPI crosswalk.
- Check your information (and that of your corporation, if you formed one) in the NPPES to ensure that the NPI(s) were properly obtained. For example, if you are have a sole proprietorship, you should have an individual PIN and you should have obtained an NPI as an Individual (Entity type 1), not as an Organization (Entity type 2).
- Ensure that the NPPES data (for you and your corporation, if you formed one) are correct, and that the NPPES record(s) contains the Medicare legacy identifier(s) *that was assigned to the provider (physician/practitioner or the corporation) to whom the NPPES record belongs*. For example, a

physician/practitioner applying for an NPI would list his/her Medicare PIN in the "Other Provider Identifiers" section of the NPI application, but would not list the PIN of the group in which he/she is a member. Medicare uses this information in building the Medicare NPI crosswalk and incorrect reporting will flow into the NPI crosswalk and cause problems down the road. To view or edit your NPPES record, go to <https://nppes.cms.hhs.gov> on the CMS website. For assistance, call the NPI Enumerator at 1-800-465-3203.

- If the NPI(s) was properly obtained and the NPPES information is correct and you continue to get informational NPI edits: Ensure that your (and your corporation's, if you formed one) Medicare enrollment information is up to date. If the carrier or A/B MAC asks that you or your corporation re-enroll or update the enrollment information, ensure that a *complete* application is submitted (CMS-855I and, if appropriate, CMS-855R). When completing the CMS-855I or CMS-855R, list your NPI and the NPI of the corporation (group practice) to which benefits will be reassigned (if applicable) in the appropriate places on the CMS-855I and, if the CMS-855R is necessary, on the CMS-855R. Be sure to also list the NPI and the PIN of the corporation (group practice) in the appropriate places on the CMS-855I and, if the CMS-855R is necessary, on the CMS-855R (if PINs have been assigned). The Medicare document referenced earlier will assist you in doing this. Also, make sure that the Medicare enrollment record reflects the correct Taxpayer Identification Number (TIN) for use by Medicare in reporting your income to the IRS on the 1099 form. For example, if you are an incorporated physician/practitioner, your Medicare payments need to be associated with your corporation's TIN and not your SSN. If the enrollment record does not reflect this, a CMS-855I must be completed in order to update it.
