Announcement

About Medicare Participation for Calendar Year 2009

Medicare continues to promote access to higher quality and more efficient health care delivered by the nation's physicians to people with Medicare under the 2009 Medicare Physician Fee Schedule (MPFS).

In 2009, we are implementing many provisions mandated by the Medicare Improvements for Patients and Providers Act (MIPPA) of 2008 that impact payment under the MPFS including:

- Increasing average physician fee schedule rates by 1.1 percent for 2009.
- Extending the physician quality reporting system and increasing the incentive payment to 2% for satisfactorily reporting quality measures during the 2009 reporting period.
- Providing a 2% incentive payment to successful electronic prescribers during the 2009 reporting period.

This will be the first year of a five-year program established by MIPPA under which physicians who use e-prescribing technology may be eligible for a bonus based on the covered services furnished during the reporting year. Incentive payments, as noted above, are available each year of the program (2% for 2009 – 2010, 1% for 2011-2012, and 0.5% for 2013). Starting in 2012, however, a penalty, in the form of a percentage reduction in the Medicare physician fee schedule payment, applies to those physicians who are not successful electronic prescribers (1% in 2012, 1.5% in 2013, and 2% in 2014). E-prescribing can provide many benefits for physicians and their patients. For example, electronic access to each patient's prescription history helps physicians avoid prescribing drugs that may result in harmful drug interactions, while electronic transmission eliminates the possibility of medication errors caused by illegible handwriting. Furthermore, access to insurance and formulary information at the point of care also allows physicians to prescribe a covered and affordable drug, resulting in fewer trips to the pharmacy.

CMS will continue to work with Congress and with physicians on a system that will provide predictable and stable payments that will ensure higher quality care for beneficiaries without increasing Medicare spending.

In addition, CMS may publicly report physician information that is maintained in the "Performance Measurement and Reporting System (PMRS)," system of records (SOR) number 09-70-0584, as amended, in order to improve the quality and efficiency of health care delivery and enable consumers to make more informed health care decisions. This includes posting on an Internet website the names of those physicians who report data on quality measures through the

Physician Quality Reporting Initiative and e-prescribing usage. More information about the PMRS SOR is available at

<http://www.cms.hhs.gov/PrivacyActSystemofRecords/downloads/0584.pdf>.

Professional Liability Costs

As you are well aware, professional liability costs have significantly increased for many physicians over the past five years. Medicare compensates for a portion of this through periodic revisions to the physician fee schedule professional liability insurance relative values. Mediation programs and arrangements such as Alternative Dispute Resolution (ADR) can be a way to resolve injury claims and are permissible under the Medicare program as long as they are applied to all patients (private pay, private insurance, or public insurance) that you treat.

CMS encourages you to explore ADR options and evaluate whether, in your situation, they can be used to provide meaningful alternatives for resolving medical liability claims. Many, if not all, ADR programs would be initiated via voluntary, private contract between the patient and the patient's provider or health plan agreed to before treatment. Please contact your professional liability insurance carrier, your state medical society, or your professional society for more information about ADR to assist you in deciding whether to implement it in your practice. In the coming months, the Department of Health and Human Services will supply health care providers with further information on these alternatives.

WHY PARTICIPATE?

All physicians, practitioners and suppliers must make their calendar year (CY) 2009 Medicare participation decision by December 31, 2008. To sign a participation agreement is to agree to accept assignment for all covered services that you provide to Medicare patients in CY 2009. The majority of physicians, practitioners and suppliers have chosen to participate in Medicare. During CY 2008, 94.6 percent of all physicians, practitioners and suppliers are billing under Medicare participation agreements.

If you bill for physicians' professional services, services and supplies provided incident to physicians' professional services, outpatient physical and occupational therapy services, diagnostic tests, or radiology services, your Medicare fee schedule amounts are 5 percent higher if you participate. Also, providers receive direct and timely reimbursement from Medicare.

Regardless of the Medicare Part B services for which you are billing, participants have "one stop" billing for beneficiaries who assign both their Medicare and Medigap payments to participants. Beneficiaries with Medigap coverage (private supplemental insurance) may assign the payment on the supplemental claim to the provider or supplier. Under the current mandatory Medigap (claim-based) crossover process, beneficiaries must assign payment on their claims to a participating provider or supplier as a condition for their claims to be forwarded to their Medigap insurer for payment of all coinsurance and deductible amounts due under the Medigap policy. The Medigap insurer, in turn, must pay the participating provider or supplier directly, thereby relieving the need of having to file a second claim.

WHAT TO DO

If you choose to be a participant in CY 2009:

- Do nothing if you are currently participating, or
- If you are not currently a Medicare participant, complete the blank agreement enclosed and mail it (or a copy) to each carrier or A/B Medicare Administrative Contractor (A/B MAC) which you submit Part B claims. (On the form show the name(s) and identification number(s) under which you bill.)

If you decide not to participate in CY 2009:

- Do nothing if you are currently not participating, or
- If you are currently a participant, write to each carrier or A/B MAC to which you submit claims, advising of your termination effective January 1, 2009. This written notice must be postmarked prior to January 1, 2009.

Hold onto this announcement during this enrollment period. You may want to refer to it again before making your decision regarding Medicare participation for CY 2009.

We hope you will decide to be a Medicare participant in CY 2009.

Please call 1-800 if you have any questions or need further information on participation.

To view updates and the latest information about Medicare, or to obtain telephone numbers of the various carrier or A/B MAC contacts including the contractor medical directors, please visit the CMS web site at <http://www.cms.hhs.gov/>.
