

Puerto Rico overpayment redetermination request form -- instructions

The following "Request for Overpayment Redetermination of a Medicare Part B Claim" form simplifies and standardizes filing requirements for redeterminations.

- The overpayment redetermination form allows the provider of services to clearly specify the reason(s) he or she disagrees with the overpayment determination (section 6).
- The form also provides space for a comprehensive and detailed explanation of any additional information that should be considered when the overpayment is reviewed (section 8).

Completion of these two sections is critical to correct processing of your overpayment redetermination request. Using this form will make handling requests for overpayment redeterminations easier and more efficient for providers' offices.

If all related information (dates of service, procedure codes, etc.) is filled in on the form as requested, copying and mailing of additional medical records may be significantly reduced (the current requirements for documentation for certain redetermination types have not changed).

Follow the instructions on the reverse side of the form and submit your request to the address indicated in section 1.

Note: Complete the overpayment redetermination request for a Medicare Part B claim form if you are disputing an existing overpayment. If First Coast Service Options Inc. (First Coast) has not sent a demand letter requesting a refund of payment and you are notifying First Coast of an overpayment, do not submit an overpayment redetermination request form. You must complete the overpayment refund form.
